2026 STITCH SAMPLER SCRAPGHAN PART 6 - TULIP STITCH

Materials

worsted weight acrylic (I used Hobby Lobby I Love This Yarn)

H/5.0mm hook

yarn needle

scissors

Level

easy

Pattern notes & stitches to know

ch - chain

sc - single crochet

dc - double crochet

rs - right side

ws - wrong side

- written in US terms
- ch 2 does not count as dc
- This stitch requires a starting chain that is a mult of 4
- chains do not count in end row stitch count
- to find the end row stitch count for a different size blanket: take your original stitch count and subtract 2, divide by 4, mult by 3, then add 3 (I think... lol)
- Row 1 is 1 less than the stitch count for the remainder
- This stitch looks great with any color combinations. I used 3 colors and changed color every row.
- If you use 3 colors and change color every row, do not fasten off. Carry the yarn.

See how it's done! This easy-to-follow video tutorial will walk you through each step of the pattern.

Scrapghan Tips

- This blanket will use different hook sizes depending on the stitch. Some stitches work up tighter than others. Even with changing hook sizes, the blanket will not have completely straight edges.
- Feel free to adjust your hook size according to how you crochet.
- This blanket requires a foundation row that is a multiple of $24 + 2$.
- The starting chain requirement for this particular stitch is given in the pattern notes (this may or may not match what was used for the entire blanket). This is just a note given for use of this stitch in other projects, not for this blanket.
- Each part starts over at row 1 of that stitch. Be sure to place a stitch marker and the last stitch of each part to mark where the next part begins.
