- written in US terms
- ch 2 does not count as dc
- This stitch requires a starting chain that is a mult of 12 + 3
- The entire stitch has one main color, only change color for the 3D flower stitch
- Change to flower color in dc before the 3D flower stitch and change back to the main color after the 3D flower stitch. Fasten off the 3D flower color each time.

See how it's done! This easy-to-follow video tutorial will walk you through each step of the pattern.

Scrapghan Tips

- This blanket will use different hook sizes depending on the stitch. Some stitches work up tighter than others. Even with changing hook sizes, the blanket will not have completely straight edges.
- Feel free to adjust your hook size according to how you crochet.
- This blanket requires a foundation row that is a multiple of $24 + 2$.
- The starting chain requirement for this particular stitch is given in the pattern notes (this may or may not match what was used for the entire blanket). This is just a note given for use of this stitch in other projects, not for this blanket.
- Each part starts over at row 1 of that stitch. Be sure to place a stitch marker and the last stitch of each part to mark where the next part begins.
