Continue with Color A

Row 16 - Row 17: ch 1, sc in each st around, join to first sc wtih sl st ((72, 96) sc)

Fasten off.

Weave in the ends.

Finishing + Care

BLOCKING

Lightly dampen your project, shape it to size, and allow it to dry completely before use. Blocking helps give your finished project a polished look by evening out stitches and improving the overall shape, drape, and keeps the edges from curling.

WASHING

To keep your crochet project looking its best, wash gently using cool water and mild detergent. Hand washing is recommended for most handmade items to help preserve the stitches and shape.

DRYING

After washing, gently remove excess water and lay the project flat to dry, out of direct sunlight or heat. Avoid wringing or hanging garments, as this may stretch the fabric out of shape.

GENERAL CARE

Proper care will help your handmade project last for years to come. Store your item folded when possible and keep it away from rough surfaces that may snag the stitches. Over time, your project may benefit from light re-blocking after washing to help restore its shape.

Thank you for crocheting with me!

Thank you so much for supporting my small business and choosing this pattern! I truly appreciate every stitch you make and hope you loved creating your project. I'd love to see your finished make!
